- F. Consider contract for engineering services for a pavement restoration project on West Main from 8th to 10th.

On March 28, 2019 the City Commission authorized applying for a project under two KDOT grant programs that would consist of pavement restoration on West Main from 8th Street to 10th Street with a sweeping right turn lane. The sweeping right turn lane was applied for through the Access Management grant program, while the remainder of the project was applied for through the GI grant program.

At the November 14, 2019 meeting the Commission approved an agreement with KDOT for the GI portion which included pavement replacement, curb and gutter, sidewalk, and pavement markings on US-160 (West Main) from 200 feet east of US-75 (10th Street) to the 8th Street intersection at a total cost of \$1,394,234 with KDOT paying a maximum of \$1,000,000.

The Access Management grant for the sweeping right turn lane and the improvements on West Main starting at 10th and ending 200' east was not approved. However, the Commission determined to move forward with this portion of the project that was not funded by a KDOT grant with the modification that the sweeping right turn lane would not be included in the scope of work. It was discussed that the City portion of this project would be engineered and bid with the KDOT GI grant that was awarded. Combining the projects would result in an estimated KDOT share of \$1,000,000 and an estimated City share of \$764,234 for a total estimated combined project cost of \$1,764,234. This represents an increase in the City's share of \$370,000 (\$394,234 to \$764,234).

At the May 28, 2020 Commission meeting the Commission directed staff to request a contract for engineering services from TranSystems.

Motion:

On the motion of Commissioner Hayse, seconded by Commissioner Ysusi the Commission authorized the Mayor to sign the agreement with TranSystems for engineering services for a pavement restoration project on West Main from 8th to 10th.

Meal Program grants can be directed toward organizations such as Meals on Wheels, local food banks or to support organizations providing meals for children affected by the loss of school meal programs. AWOL's Board of Directors are respectfully requesting an increase of \$250.00 a month in our budget for the 2021 financial year continuing the maintenance budget of \$5000.00 a year and waiving the water/sewer fee for a city building.

It has been three years since AWOL has requested an increase to our budget. Since that time the City has done many things to upgrade the shelter which keeps the shelter viable and allows the animals to live in a safer healthier environment. We have never failed a state inspection and this allows us to continue passing those inspections. The board appreciates all the City has done to improve the shelter.

In the 40 years we have been running the shelter, we feel the City and AWOL has worked together well to offer a valuable service to the community. Mahatma Ghandi said "The greatness of a nation can be judged by the way it's animals are treated." I believe that can also apply to us as a community.

Our expenses continue to rise every year. This year our veterinary expenses are being increase 5% across the board for all medical services. State law requires every animal leaving the shelter be spayed or neutered and these cost-plus shots, euthanasia, testing etc. is increasing. We are also expecting an increase to our insurance coverages.

We feel as a humane society we must continue to offer the community a low cost spay/neuter program to help those residents who take on the responsibility of "free" animals. This is something very few communities can say they offer. Last year, AWOL did 385 low cost spay/neuters 230 of which were spays. If a litter average is 5, we prevented 1,150 unwanted animals being born and potentially coming to the shelter. Since 2010, AWOL has done 4,096 low cost say/neuters. We feel this has helped cut the number of animals coming to the shelter by half since the beginning.

In closing, we hope the City can see its way to increase our budget for 2021 budget year. We thank you for your consideration.

Sincerely,

AWOL Board OF Directors
